

## *St Therese of Lisieux*

Saint Thérèse of Lisieux was a young nun from France who was very bossy as a child. Growing up, Jesus helped her grow out of her childish ways, so she could enter religious life. There, Thérèse focused on humility and simplicity, embracing little sacrifices in order to serve God in her life. She died at just 24 years old, and her life teaches us that we should all seek sainthood, no matter what!
